Lyon & Co were not aware of the offer made by the firm in 1917 to the Supdt., Govt. Printing it becomes useless to send a cable as desired by the Supdt.

2/1. The Supdt's proposal is not quite consistent. He says first that the firm is bound to supply the matrices at the rate agreed & and then proceeds to say that if they don't agree to give us matrices at old rates, we may accept such of them as are ready at rates now quoted. I don't see why we should show any concession to the firm which does not honour its own agreement. But as a matter of fact there does not seem to be any such understanding or agreement, for it is seen from Messrs Greenwich Lyon's letter of 27th May 1920 (81. 551) that the Thomason Co reserved the option of fixing the latest rate at which they would supply the article. It is for orders now whether the rate now quoted should be accepted or whether we may accept only part execution of the contract at rates now quoted or whether the whole order may be cancelled unless the firm quotes more reasonable rates. I think the firm would reconsider if we pointed out to them

that the order would have to be cancelled if not done cheaper

MM 22/1/21

(Chief Sec.) The enclosure to the Supdt's letter is a communication of 1917 & I do not think that rates quoted then can hold now. It is clear that the actual order was not placed in 1917 but only in 1920. In the circs the Supdt proposes to get only certain classes of type within the money available may be approved.

10/2/21

The Supdt. fears that the amount of Rs 21000/- available in this year's Budget for Kanada matrices may not be utilised during the current year. He therefore wants the provision to be carried on to next year. Could this be done? This has to be noted upon by the Fin. Secty.

Then again the Supdt. says that if Govt. be able to purchase 10 pt matrices, he will cost including this will be abt Rs 20000/= Maybe sanctd if Fin. Secty. agree & provide the requirement in next year's Budget.

What exactly is the grant which the Supdt wants? If as he wants only Rs 20,000 in all for next year & against this the lapsing Rs 21,000 in the current year can be taken into consideration

5/3/47

2/3

the proper demand is Rs 40,000, which is expected to lapse by year-end. This might be allowed.

(At Mr Menon's instance 2nd Sept)

8/3

Case work Bangalore

FINANCIAL SECRETARIAT 1976-1947 BANGALORE.

13/3

24/3

The current year's grant of 41,000 for purchase of machines includes 9000 for the purchase of a Monotype Machine for Census work, 10000 for Kannada Matrices, and 16000 for Type setting machine.

Orders have already been placed for 12, 14, 18 & 36 pt matrices.

If orders for the Kannada matrices have already been placed, and payment has to be made thereafter June, provision made in the current year will have to be repeated in the next year budget. No additional allotment is possible. If it is not too late, the Financial Department has to urge the necessity for the postponement of the purchase of the machines for some time.

Draft
Bm
28/3

Draft submitted. It would appear from the Financial Secretary's note supra that they agree only to the provision of Rs 10000/- being carried over to the next year's budget while the cost of articles already ordered for, seems to exceed 10000/- (vide report letter). The Member has ordered that orders already placed must be paid for.

29/3.

The probable cost of the articles already ordered is ascertained to be about Rs 18000/- There will be a lapse of a similar amount or even of Rs 20,000/- out of the current year's grant for the purpose. The repetition of the provision of Rs 18000 for the purpose in the next year's budget may be authorised accordingly & the draft provides for it. Your favour of concurrence before issue

Government of His Highness The Maharaja of Mysore,
General and Revenue Secretariat,
Bangalore.

Dear Sir,

With reference to your Indent G. 17412 dated 28/1/20 for Machinery from Thompson Type Machine Company, we have just received a letter dated May 7th, of which we subjoin copy:-

" Your letter of February 24th reached us some time ago. The
" Order G 17412 you enclosed with your letter as well as the
" letter from the Mysore Government Press dated January 17th
" which you also enclosed have received careful study from us.
" Mr. Thomas Gould of the Wesleyan Press called on us several
" times, and gave us valuable information regarding these
" Kanarese mats.
" We have just written the Mysore Government Press and enclose
" a copy of our letter to them herewith, which explains to you
" why we cannot proceed with the work until we have the
" necessary drawings the Mysore people promised to furnish us.
" Soon as we receive these drawings, we will proceed with the
" work.
" After the new drawings arrive, we will be able to give you
" full data concerning rates etc., which we will do at that
" time"

We have also received copy of the Thompson Type Machine Company's letter addressed to the Mysore Government Press dated 7th inst.

PP 11-9-939

9th December 1920.

43050

The Chief Secretary,
Government of His Highness The Maharaja of Mysore,
General and Revenue Secretariat
Bangalore.

Dear Sir,

With reference to Order G.17412 dated 28/1/20,

The Thompson Type Machine Company have written us as follows:-

"Referring to order G.17412 for the account
"of the Mysore Government Press, covering
"seven fonts of Kanarese matrices to be
"made from the original designs furnished
"to us by the Mysore Government which we now
"have:
"We have determined the cost of this work
"which calls for: first, the making of
"engravings from the drawings; the making of
"the necessary dies from those engravings;
"then the making of the commercial duplicates.
"The principal expense involved is in the
"making of the engravings from the drawings
"and this work we have to have done outside
"of our own organization and we have to pay
"cash for it.
"We therefore, cannot proceedto complete this
"entire order and wait for our money as it is
"not possible, in view of the high costs
"involved in the work, for us to charge the
"Mysore Government a price adequate enough
"to justify the financing of the work by us.
"In the 12 Pt, the engravings for which have just
"been finished, we find that 304 characters
"are required and it will be necessary for

over

"us to charge the Mysore Giverrment for the
"completed matrices to be furnished to them
"$3.00 a character, or $912.00 for the set of
"12 Pt. As there will be the same number of
"characters in the 8 Pt, 10 Pt, 18 Pt, 24 Pt, 30 Pt,
"and 36 Pt required to fill your order, the total
"cost of these seven sets, including the 12 Pt, will
"be $6,384.00.
"This does seem like an exorbitant charge. It is,
"however, the absolutely minimum price at which
"we can do this work. It is one of the most
"particular jobs of matrix making that we have ever
"undertaken and in the case of the 14 Pt which the
"Mysore Government now has, we have demonstrated
"that we can do the work to their satisfaction.
"We are trying to make our charges as reasonable
"as we can because Mysore Government have proved
"to be a good customer for the Thompson Type Machine
"Company and we want to do all we can to encourage
"the use of our machines. We, therefore, assure you
"that we are not trying to make even a reasonable
"profit out of this job but have endeavoured to keep
"the cost of the work as low as it can be done.
"We must ask the Mysore Government to follow the
"same procedure in this case as was done with the
"original order for the 14 Pt and that is to
"deposit with us fifty per cent of the total cost of
"the work.

They also add:-

"Will you therefore, kindly take the matter up at
"once with the Mysore Government and let us know as
"quickly as possible their decision. We hesitate
"to proceed further with this work without their
"knowledge of the conditions and requirements. We will
"not, however, delay finishing the 12 Pt on which
"more than half the work has been done and we will
"also proceed with one other size, which we note
"from the Mysore Government's letter of January 17,
"1920, is to be the 10 Pt. We will not proceed
"beyond that point until we have heard from you
"as we do not know that our price will be acceptable
"nor that they will care to make the required deposit".

In view of what the manufacturers write we are suspending execution until we hear further from you.

over

Of course in view of the terms in your Indent, we should be quite in order in remitting the makers the 50% sought, but that is not the reason why we are making the reference to you before sanctioning completion.

It is evident that the Thompson Type Machine Co., consider what they are charging to be, if not exorbitant, at least very high, and we prefer to have your instructions in the matter.

If you cable us the word,

"SANCTIONED"

we shall accordingly instruct makers to complete the order.

We are, Dear Sir,

Faithfully yours,

p/p. JEREMIAH LYON & CO. Ltd.,

SIR,

With reference to your Memo No:G.12[illegible] dated the 6th instant, forwarding a copy of letter No.[illegible] 9th December 1920 from Messrs. Jermiah Lyon & Co., Ltd., re: matrices of the New Kannada Types now on order with the Thomposon Type Machine Company of Chicago, I have the honour to state that Government have in their order No.G.V.187-8/P & S 52-19-6 dated the 20th January 1[illegible] sanctioned Rs: 18,000/- for this purpose which was the amount calculated then that the cost would come to. The firm then quoted 1 dollar and 50 cents for ~~the~~ making the matrix of each character as reported to Government in this office letter No: 182 dated 28th July 1917, but now they propose to charge 3 dollars for each character, i.e., twice what they wanted three years ago, on account of the increase cost in making, which comes to Rs: 31712 at Rs: 3¼ per dollar.

The firm is bound to supply the matrices as per their original charge contained in their letter dated 19th April 1917, a copy of which is herein enclosed. It would

before

13

Thompson Type Machine Company,
223 West Erie St:
Chicago, Ill.

April 19, 1917.

The Government Press,
Bangalore, South India.

Gentlemen:

We have your favour of February 20 and have gone carefully into the matter of making matrices from the new designs which were sent us. The method we employ for making martices is not punch cutting and driving, but rather electrotyping from previously cast type or type specially engraved in soft metal. The engraving from your designs would cost $ 1.00 per character in all sizes you mention, from eight to thirty-six point, and the matrices made from them, 50 cents each.

We take it that the photographs you sent us of the characters are true to the body sizes required, but if not, we should be furnished with photographs suitably reduced to the exact proportions required as well as original drawings, similar to the one sent us.

In our machine you may cast any face on any desired body, and if you wish to do so, can cast the 8 point on ten point body, etc, so as to -- avoid leading. You can also make alignment to match any english type now made or hereafter made on our machine.

We could begin making shipments within six weeks of starting the work and have the complete job finished within three months.

If you wish us to undertake this work we shall require an advance payment to cover the cost as we hire this work done outside of our factory and there is no margin of profit in it for us. If you could arrange for New York or Chicago draft we should be greatly obliged.

We are sending you to-day by parcel post a special type receiving plate which takes the place of the regular plate when you are casting Kanarese kerned type, but this is only needed when casting the sub... Included in the envelope is a two point brass set adjusting block ... also to be used when casting Kanarese.

Yours very truly,

Thompson Type Machine Co...

Sd./- John S.Thompson,

General Manager.

No. 1811.

OFFICE OF THE SUPERINTENDENT,
GOVERNMENT PRINTING,

Dated Bangalore, 4th February 1921.

FROM

D. B. RAMACHANDRA MUDALIAR, ESQ., M.R.A.S.,
SUPERINTENDENT, GOVERNMENT PRINTING,
BANGALORE.

To

K. Matthan, Esq., B.A.,
Offg. Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

SIR,

With reference to your letter No: G.14729/P & S 11-19-992 dated the 28th ultimo, I have the honour to state that a provision of Rs: 41,000/- has been made in the current year's budget for the purchase of machines including Kanada matrices. Out of this amount, a sum of Rs: 20,000/- is expected to be spent by the close of the official year leaving a balance of Rs: 21,000/- available to meet the cost of Kannada matrices. The matrices will not, however, arrive by the end of this official year. A fresh provision will therefore be made in the budget for the new year 1921-22 to meet the cost of these matrices.

On reconsideration, I find that in addition to the four sizes of 12-pt, 14-pt, 18-pt and 36-pt matrices recommended to be purchased in my previous letter 10-pt, matrices also would be absolutely necessary as this size of type would be indispensable for setting footnotes, etc, in view of our doing educational books also in the Government Press.

The cost of this additional set will be Rs: 4000/- appro[illegible]

mate[illegible]

approximately. I therefore request that sanction may be kindly accorded for the purchase of the five sets of matrices at an approximate cost of Rs: 20,000/- to be met out of the provision to be made therefor in the budget of the next official year.

I have the honor to be,

S i r,

Examined by

Letter No. 2435 dated 13th April 1921, from the Superintendent, Government Printing, Bangalore, to the Thompson Type Casting Machine Co., Ltd., Chicago, U.S.A.

With reference to your letter written in November last to Messrs. Jermiah Lyon & Co., Ltd., Lambard Street, London, explaining your conditions and requirements in respect of the order for kanarese matrices placed with you by the Mysore Government Press and stating that on account of the increased cost of preparing the matrices you should like to have definite instructions in the matter, I have the honor to state as follows:--

In view of the increased cost involved, I request you to stop the making of the 8 pt, and the 30 point and proceed with the rest, viz., 10 pt, 12 pt, 18 pt, 24 pt, and 36 pt. You have already supplied us the 14 pt. So, you may take it that a definite order for -- five sets of kanarese matrices have been placed with you now excluding the 14 pt. ones which have been already received.

The cost of the 14 pt, you have supplied will be calculated at 1 dollar and 50 cents per character as per your original quotation givin in your letter dated 19th April 1917; the characters of the -- remaining five sets now ordered will be paid for at 3 dollars a character according to your new charge.

We have remitted to you £ 100 or 480 dollars towards the cost of the 14 pt matrices as already intimated in my letter No. 1928 dated the 7th March 1918, whereas the actual cost of the entire set is 456 dollars, granting that each set costs as per your new quotation 912 dollars. So the cost of the 14 pt, matrices may be taken as paid leaving a balance of 24 dollars to be paid by you.

For the five sets now ordered the cost will be 5 × 912 = 4560 dollars and I shall arrange to pay 50 per cent of the cost of each set in advance on your intimating to me of the completion of one set and the taking up of the other set. If by the time your receive this letter you have completed the 12 pt, I shall arrange to remit 50 per cent of the cost thereof immediately on hearing from you, the remaining fifty per cent being remitted directly I receive the consignment

here. I propose to adopt this course in order to ensure prompt completion of the order as it has been pending for over three years. I should like you to kindly expedite and finish the work by the end of this year.

I am writing this direct to you as an Agency with Messrs. Jermiah Lyon & Co., Ltd., has terminated. Kindly let me know how far you have progressed with the making of the 12 pt, which you said in your letter of November had already far advanced, and ~~kkx~~ whether my suggestions meet with your approval.
